THE OLD RUGGED CROSS

Perhaps not the most appropriate way to describe a shiny silver cross – then again, when you consider that it was exposed to nature's elements for nearly 55 years, perhaps it is appropriate!

As we approach the beginning of a new school year, construction equipment will appear at the Education Center once again to place a concrete pedestal on which the metal cross that stood atop the tower of the original church and school will be erected in front of the blank wall that faces North 34th Street. It will be surrounded by shrubbery and will be illuminated at night. The cross itself is approximately 14 feet high. The pedestal will be 5 feet high for a total height of 19 or 20 feet. A plaque will be attached to the pedestal stating that the cross is erected in honor of Bishop Kevin Rhoades for his support of the Catholic education of the youth of the parish and the diocese. Barring any unforeseen delays, the project is expected to be completed prior to the beginning of the school year on August 28. The raising of this symbol of our faith on the Market Street property (although not as high as before) is a fitting tribute to Bishop Rhoades and a good way to anticipate the 60th Anniversary in 2011 of the founding of the parish, not to mention the Gospel values on which our Educational Programs are based.

“Teen Disciples for Christ”

“Expect the Unexpected” is the theme. The night’s activities will not be revealed until that evening.
